

**Katy Property Management stands behind our service with a 100%
Happiness Guarantee.**

If for any reason you are not completely happy with our services you can cancel your management agreement at any time without penalty.

This no risk guarantee allows our owners to avoid being trapped in a management agreement that you get with other companies. This instills confidence that you're selecting the best company available to care for your investment and tenants.

All we ask is that you simply provide us with a thirty (30) days written notice. A reason for cancellation is appreciated, but not required.

How can we do this? Simple! We're good at what we do.
